Government Contracts for Small Businesses

November 20, 2012

Do you or does someone you know own a small business? Could you use some tips on how to get a government contract? The Small Business Administration wants to help you with the 8 (a) Government Contracting Program.

Check out <http://www.sba.gov/gcclassroom> for online classes:

The idea is to empower more small and/or minority-owned businesses to be able to successfully compete for federal, state, or local government contracts. To start, just click on "Government Contracting 101" PART 1 and fill out the form provided.
