

## Tuesday's Tip

information provided by Adriance Memorial Library to make your life a little bit easier . . . .

Today's tip offers a list of credible **Multilingual Consumer Health Information Resources available on the internet**. Click on the name of the website or, copy and paste the link into your web-browser.

\*Please Note: although this list has been compiled and vetted by the National Library of Medicine, they advise consumers to... **read the disclaimer.**

### [MedlinePlus: Health Information in Multiple Languages](https://medlineplus.gov/languages/languages.html)

– ( <https://medlineplus.gov/languages/languages.html> )  
From the National Library of Medicine, MedlinePlus covers over 1,000 health topics. The entire site is available in Spanish, while many topics are also available in other languages. Users can search by language or by health topic.

### [HealthReach: Patient Materials](https://healthreach.nlm.nih.gov/patient-materials)

– ( <https://healthreach.nlm.nih.gov/patient-materials> )  
Also from the National Library of Medicine, HealthReach offers culturally relevant information in multiple languages and formats about health conditions and wellness topics, such as diseases, causes, symptoms, treatment, and prevention. Materials may be available as printable documents, audio, and video. Search by language, choose a format, or browse by keyword.

## [Specialized Information Services Multi-Cultural Resources for Health Information: Health Resources in Multiple Languages](https://sis.nlm.nih.gov/outreach/multicultural.html) – ( <https://sis.nlm.nih.gov/outreach/multicultural.html> )

Scroll down and expand [+] for the list of Health Resources in Multiple Languages. Links are also provided in a number of different categories including Cultural Competency, Health Literacy, Limited English Proficiency, and Refugee Health Portals.

## [National Network of Libraries of Medicine Consumer Health Information in Multiple Languages](https://nnlm.gov/consumer-health-information-many-languages-resources) – ( <https://nnlm.gov/consumer-health-information-many-languages-resources> )

Provides links to a number of different resources that provide health information in multiple languages as well as Resources for Specific Languages.

## [Selected Patient Information Resources in Asian Languages \(SPIRAL\)](http://spiral.tufts.edu/topic_list.shtml) – ( [http://spiral.tufts.edu/topic\\_list.shtml](http://spiral.tufts.edu/topic_list.shtml) )

SPIRAL is maintained by the Tufts University Hirsh Health Sciences Library and funded by a grant from the New England Region of the National Network of Libraries of Medicine. As the title describes, the sites provides various health resources in nine different Asian languages. Users can navigate by language or by health topic.

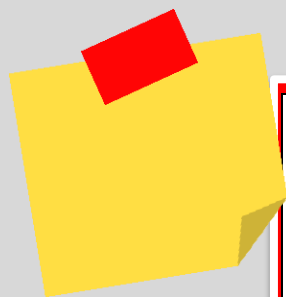

## [EthnoMed Patient Education](http://ethnomed.org/patient-education) – ( <http://ethnomed.org/patient-education> )

EthnoMed is Harborview Medical Center's ethnic medicine website containing medical and cultural information about immigrant and refugee groups. Users can browse by health topic or by language.

## [Health Information Translations](https://www.healthinfortranslations.org) – ( <https://www.healthinfortranslations.org> )

This website provides plain language health education resources for health care professionals and others working in communities with limited English proficient populations. Users can search by keywords, health topic, or language. The website is a collaboration of health education specialists from the four health systems in Central Ohio: The Ohio State University Wexner Medical Center; Mount Carmel Health System; OhioHealth; and Nationwide Children's Hospital.

As always,
