

Poughkeepsie Public Library District

Metal Detector Kit Borrower Agreement and Guidelines

Guidelines for Borrowing and Returning

- Seven (7) day loan period to a Borrower that is 18 or over with a Poughkeepsie Public Library District resident card in good standing, with no fines.
- The Metal Detector Kit is non-renewable. If not available, Borrowers may place a hold on the Kit.
- The Metal Detector Kit is checked out and checked back in during opening hours at Adriance Memorial Library with a staff member at the Circulation Desk.
- Borrower and Library Staff sign and date this Agreement and Guidelines, and complete the Agreement Form's checks, using Metal Detector Kit Parts Guide, to mark the Kit's parts at check-out and at check-in.

Proper Use of Metal Detector Kit and Cleaning before Returning

- The Borrower will review the manuals, training videos, and guides for proper care and use of items.
- It is the Borrower's responsibility to follow the Code of Ethics for Metal Detecting (PPLD Kit webpage).
- The Borrower has the responsibility to respect property rights, ask permission first, follow the federal, state and local regulations on metal detecting of the property or park, leave the land and vegetation as they found it, and fill in all holes properly and follow the art of recovery for digging up targets.
- The Metal Detector, Pro-Pointer AT, and Carrying Bag must be clean and in good condition upon return. Do NOT use bleach to clean. Use only a gentle soap, with water, and wipe down.

What are the Fines and Liability?

- \$5 per day for every late day, after the due date, will be charged to Borrower's PPLD Library Card.
- \$20 fine if the Metal Detector Kit is returned in the Book Drop of either library.
- If the items in the Metal Detector Kit are damaged, stolen or lost, Borrower is charged cost to replace.

What is Included with the Metal Detector Kit?

- Minelab's Go-Find 66 metal detector, Garrett's Pro-Pointer AT with belt holder, and carry bag.
- Guides for using GO-Find 66 and Pro-Pointer AT. Link to both guides on *Library of Things* webpage.
- A fresh set of four AA 1.5 volt batteries in a plastic bag, in the carry bag's zippered pocket for Metal Detector, and one 9 volt battery (fresh or used) for Pro-Pointer AT (place inside black screw off cap).

What do you, the Borrower, Need to Provide?

- Gloves, trowel, probe or screw driver, and a collection bag for holding items found.
- Ear phones for 3.5 mm (1/8 inch) phone jack. Available \$1.00 at Circ. Desk. Detector has speaker but drains the batteries faster.
- If Library's fresh batteries expire, you'll need to provide another 4 AA 1.5 volt batteries to continue use.

The Borrower, by signing below, acknowledges that they are responsible for charges accrued, and for damage to the Minelab's Go-Find 66 metal detector or Garrett Pro-Pointer AT, during the lending period, and for the full replacement cost (Go-Find \$249; Pro-Pointer \$126) if applicable or the either of the items are lost. The Borrower also acknowledges that there are risks involved in metal detecting and that if the Borrower is negligent in following federal, state or local laws regarding metal detecting and private property rights, that the Poughkeepsie Public Library District is removed from any legal liability for the Borrower's failure to not know or observe the laws and regulations, or if they physically injure themselves or others, while using the Kit.

Metal Detector Kit Parts Check Agreement Form

Mark Parts & Sign Twice: At Check-Out & Check-In

Instructions: Library Staff and Borrower will use the Metal Detector Kit Parts Guide (photo) to mark off all parts that are present, or missing, before check-out and before check back in, including the 9 volt battery in the ProPointer AT and the four AA batteries in the GO-FIND 66 metal detector.

1. Date form, and both Library Staff and Borrower will sign the form at check-out and check-in.
2. Remove items. See Metal Detector Kit image (below) at check-out & check-in to mark if each part is present.
3. At return, if a part is missing, circle the part name, and notify your supervisor and **do not check-in the Kit.**
4. The cost of replacement will be the responsibility of the patron and they will be contacted and billed.
5. File this form in Metal Detector Kit Binder, and retrieve this signed form at time of Metal Detector Kit is returned for check-in procedure.
6. After check-in is complete, Library staff will remove the batteries from all the Items and do the following:
 - The AA 1.5 volt *USED* batteries will go to the Youth Services Room (to use up remaining charge)
 - A fresh set of *NEW* 4 AA 1.5 batteries (in a small plastic bag) will be placed in the zippered pocket of the Carry Bag – and NOT in the GO-FIND while it is not in use as erodes and damages detector.
 - The 9 Volt battery (removed one) will be placed in a plastic bag with the ProPointer AT. This battery is good for 30 hours use, and Gary can check strength. After several uses, please contact Gary to check 9 Volt to determine if time for a new 9 Volt battery to replace (we have replacements), or may check out next patron with 1 used and 1 new 9 volt (in separate bags) if Gary unavailable.
 - NOTE: Two or more 9 Volt batteries cannot be in same plastic bag and have parts touch each other because it ruins the batteries, so if going out with two 9 V batteries, each must be in separate bags.
 - It is important that batteries are not left in the devices when they are not in use.

Metal Detector Kit Contains: GO-Find 66 (collapsible), Pro-Pointer and Belt Holder, Carry Bag, Two manuals, 4 AA batteries and one 9 V batteries (or two 9 V if one used and one new, in separate bags)

Library Staff to Complete this Section on CHECK OUT for Parts checked out by Borrower:

____ Carry Bag (barcode on strap tag)

____ GO-FIND 66 Metal Detector

(Below items kept in Zippered Pocket)

____ Pro-Pointer AT and Belt Holder ____ *(two checks for both present)*

____ GO-FIND Manual *(replace copy if damaged or lost - from Circ. Desk's Master file)*

____ Pro-Pointer AT Manual *(replace copy if damaged or lost from Circ. Desk's Master file)*

____ 4 AA 1.5 volt fresh batteries in a plastic bag for GO-FIND *(note: prepared by Staff checking back in)*

____ 9 Volt battery in plastic bag for Pro-Pointer AT - *if two 9 Volt (used and new) must be in separate plastic bags*

Condition of the Parts and Bag at Check-Out: ____ Clean ____ Not cleaned, if possible, please wipe down

Check-Out Date: ____ **Borrower Name or Signature:** ____

Address: ____ **Phone:** ____

Staff Name: ____ **All Parts Present:** ____ **Circled Parts Missing at Check-out:** ____

Library Staff to Complete this Section on RETURN Check-in with Borrower Returning:

Library Staff Instructions for Check-in and Preparation for Next Borrower to Use Kit:

1. If parts missing, lost or damaged -- Do not check in Kit. Mark part(s) and notify supervisor. Batteries – no charge.
2. See #6 instructions (first page) regarding the removing of batteries for each device, and bullet points regarding the two types of batteries, and how to prepare both battery types for the next Borrower, and store the batteries in plastic bags. All parts (but the metal detector collapsed) go in the zippered pocket for next Borrower.
3. \$20 fine if returned in the book drop – notify supervisor. No charge for batteries missing or used.
4. If either of the two Manuals is lost or damaged, replace (for free) using copy made from Master copy, and fold and place in zippered pocket of bag for next Borrower.

Parts returned check mark -- if missing or damaged, please circle and notify Supervisor, do not Check In:

____ Carry Bag (barcode on strap tag)

____ GO-FIND 66 Metal Detector (\$249)

____ Pro-Pointer AT and ____ Belt Holder (\$126 – combined price)

____ GO-FIND Manual *(replace copy if damaged or lost from Master file – no charge)*

____ Pro-Pointer AT Manual *(replace copy if damaged or lost from Master file – no charge)*

____ Remove used 4 AA 1.5 volt batteries from GO-FIND; and see #6 instruction on first page for what to do next

____ Remove 9 Volt battery from Pro-Pointer AT, and see #6 instruction on first page for what to do next

Condition of the Parts and Bag at Check-In: ____ Clean ____ Not cleaned, if possible, please wipe down
