It is especially important in the summer to be extra cautious and practice safe food handling to prevent food poisoning. Foodsafety.gov provides the latest news, tips, and alerts:
Through the FoodKeeper App you can find information about maximizing the freshness and quality of items. It is available as a mobile application for Android and Apple devices.

Also, real-time notices of recalls and alerts from U.S. Department of Agriculture (USDA) and U.S. Food and Drug Administration (FDA) are listed. Foodsafety.gov is a good resource to get food safety information from government agencies.
