Administrative Reports & Statistics

LIBRARY DIRECTOR REPORT - FEBRUARY 2023

Significant Service Changes, Challenges or Accomplishments

- The implementation of new public service hours seems to be going smoothly. One area for future survey consideration is to seek public input on hours, overall, at each location. Once the construction is done at the Family Partnership Center in mid-2023, consideration will be given to increasing hours of operation for the Sadie Peterson Delaney African Roots Branch Library (SPD).
- The Library Action Committee that has been working with the Library District on matters related to the operation of SPD apparently met within the past couple of months and did so without any representation from the Library District. I have asked for a report from the meeting for us to continue the dialog and avoid any crises but have yet to receive a response to my request. The Library District has received, processed and shelved the all of the materials from the original library that we intend to hold at SPD.

Service and Program Highlights

- See attached statistics for a review of the metrics we track related to materials checkout and other services and programs.
- See attached manager reports for recent activity. Managers Thompson (Reference & Adult Services), Sullivan (IT Services), and Minunni/Giancarlo (Building Services) will be attending the meeting to present more detail on their respective reports or other matters in their area of responsibility.

Outreach and Professional Development

See attached manager reports for recent activity, if reported. Finance may dictate a reduced travel budget this year.

Collection Development

Selectors are once again purchasing materials after the closeout of the 2022 acquisitions process.

DEPARTMENTAL MONTHLY REPORT

Manager Name and Title: Bradley Diuguid, Development Officer

Time Period of Report: Jan/Feb 2023

Department: Advancement

Report Focus Area of Activity: Advertising

Over the past year, we have begun documenting a marketing plan to better reach our target audiences and promote the use of our library services. One significant change in our marketing plan has been the shift in our advertising strategy, particularly with regards to advertising in local media. While many of our patrons consume media through digital channels, such as social media, email, and online news outlets, we cannot ignore traditional print media and radio as effective, widely trusted sources of news that attract significant audiences for advertising.

Intended Outcomes of Focus Activity:

One major intended outcome of advertising approach is to increase awareness of the Library District, particularly the new Sadie Peterson Delaney African Roots Branch Library, among a wider and more diverse audience, particularly Spanish speakers and families with children under age 18. A recent postcard mailing campaign in the Northside was designed to spread awareness in nearby neighborhoods, but its conversion rate (the number of people who took action in response to our marketing) is difficult to measure – increases in library visitorship, program attendance, and library card signups could not definitely be linked to this campaign in most cases.

While social media allows us to build strong connections with patrons who engage with posts on an individual level, advertising in newspapers, magazines, and radio allow us to grow foundational relationships with outlets and sponsoring organizations that often grow into productive PR opportunities.

As we prepare for the upcoming Poughkeepsie Book Festival on Saturday, April 1 at DCC, we are currently weighing the best options for radio advertising with an eye toward featuring authors' and illustrators' voices in spots and interviews.

Manager Observation of Activity and Outcomes:

The impact of advertising in print and radio are limited in comparison to web search and social media, where analytics instantly measure actual reach and conversion. While we select print and radio outlets partly by their audience base, their effectiveness is hard to determine with precision unless using distinct identifiers such as promotional codes. It's our goal to create responsible but precise ways to track audience engagement and conversion with tools like QR codes and giveaways that can objectively measure responses to our future advertising.

Impact of Activity:

We will continue to evaluate and revise the advertising aspect of our developing marketing plan to ensure that we are effectively promoting our services and resources to our target audiences.

DEPARTMENTAL MONTHLY REPORT

Manager Name and Title: Alison Francis, Youth Outreach Coordinator, For the month of January 2023

Department: Youth Services

Class visits:

No teachers requested any class visits for January. Towards the end of the month, I started receiving requests for visits at ADR and at school sites at Day One, Healthy Kids and the other UPK sites as well as the elementary schools in the PCSD for February and March.

School Events:

none scheduled for this month

Rover:

• Received request from the school media specialist at Arthur S May School and scheduled a Rover visit with her to attend their Family Fun Night on June 2nd.

Early Literacy Grant Activity:

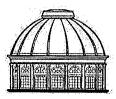

I spent this month doing an inventory of all of the early literacy backpacks; those created a few years ago and the 75 we created with the early literacy grant. I checked for the condition of the books and other materials and spent time ordering replacements for those items that were damaged.

Community:

Have started to have a relationship with the directors of Healthy Kids on Hooker Ave as well as Estefany
Umbach at Day One and Sarah Seager at one of the PCSD UPK sites, who have requested monthly story
times at their UPK sites.

Looking Ahead:

I am starting to think about summer outreach and have ordered supplies for summer reading to engage with schools and daycares to go to them to do summer reading if they can't come to the Library. Organizing logistics and plans to carry this out.

Department: Community Engagement

- Working with Bruce Sullivan the library is moving forward with installing wifi in parks around the city and town of Poughkeepsie. We are working with the city, town, and county to install at least 10 units in various parks. We've received positive feedback from local officials who very much support this project and we are currently working with them to schedule times to do the installations of devices. Fortunately weather has been cooperating and hopefully that will continue going forward.
- PPLD has subscribed to a service from one of our vendors called PopUp libraries in which we were able to offer digital materials at off-site locations via a physical device. This caused some issues with logistics but our vendor has moved from a physical device to a cloud-based solution and we are moving forward to expand this service. We'll no longer be locked to locations with power and room for the device, patrons will be able to scan a QR code and be brought to our collection. The physical devices limited us to three locations, but with the QR codes there is no limit to the amount of places we can set them up, which really expands our reach into communities with limited access to library resources.
- I'm working with YS to expand the manga collection at SPD. This is the most popular content we have there and we are going to run a little event where we get feedback from the people reading it to see what types of materials they'd like us to add to the collection. We've been working on making room and have the ability to expand our collection quite a bit.

DEPARTMENTAL MONTHLY REPORT

Manager Name and Title: Crystal Middleton, Librarian I

Time Period of Report: January 2023

Department: Borrower and Technical Services

Report Focus Area of Activity:

Borrower Services

January circulation staff were able to start using an updated Library Card Application form. The redesigned form has larger font and Spanish on the back to make it easier for new patrons. Since it is often the first thing a new community member sees when starting to use the library, its effectiveness is important. It was a team effort and is much appreciated by staff and patrons!

The Staff page went 'live' this month and feedback was good with information and good news more easy to find. Rover visited Adriance on an un-seasonally warm day and we were able to update the available collection with new materials. It continues to visit senior housing on a regular basis and keeping the collection fresh is important to them. It will also be poised for spring events with more regular collection maintenance.

Patrons continue to take home free covid tests available to them at all branches.

Technical Services

The technical services department did an amazing job completing processing for items that were part of the end of year orders this month. Closing out the previous year and starting a new one means a burst of activity for this department.

We are looking forward to processing and making available 20 Google chrome books for library use, part of the Emergency Connectivity Fund program.

In 2023 the library will be able to access another vendor, Mackin. The need arose initially from a desire to have good quality Spanish materials for young people and will mean a greater variety of items for the library to offer the district.

Intended Outcomes of Focus Activity:

Staff in the circulation department welcome and assist patrons with library services including issuing library cards, borrowing and returning items, holds as well as assistance with myriad questions, processing and providing new materials and up to date information.

Manager Observation of Activity and Outcomes:

The department is still short-staffed but remains flexible and is working well as a team.

Impact of Activity:

An engaged and more informed public has increased access to library resources.

DEPARTMENTAL MONTHLY REPORT

Manager Name and Title: Kira Thompson, Head of Adult Services

Time Period of Report: January 2023

Department: Adult Services

Report Focus Area of Activity: January Highlights

Programming at SPD: In the new year, programmer Krista Miller has expanded her sustainable crafting series to include sessions during the day at the SPD branch. She has reported a solid turnout and a different crowd then those that turn up to her evening programs, so we consider this a successful expansion, and she plans to continue offering these programs during the day at SPD and in the evening at ADR, usually once a month.

La Plaza Comunitaria: Our Spanish language literacy classes have been gradually attracting more participants, thanks to word of mouth and to the monthly tabling event (Mesa on Main) with staffers Elva Corbaton and Sandra Kuhn. Elva also spent an afternoon doing outreach and promoting the program when the Mexican Mobile Consulate was in town on January 13th. Much appreciation to the dedicated volunteers who come in to help with the program.

Genealogy: Shannon Butler arranged for guest lecturer Dr. Irvin Miller to come give a program on creating a family tree, both the research aspects and the practical design needs for creating family tree documents. This program was well attended with 20 participants, and Dr. Irvin has expressed interest in returning for future genealogy programming.

Main & Market: After migrating all of our historic images onto the new platform, and uploading most of our yearbook collection, we have launched the beta version of the new, improved Main & Market on our PPLD website. Although there are still remaining some elements of design to be worked out with the PIOs, the site is live and fully functional, providing a much more robust searching database for patrons and researchers. You can view the new site at the Local History page on our website, or by going directly to mainandmarket.poklib.org.

DEPARTMENTAL MONTHLY REPORT

Manager Name and Title: John Torres- Head of Youth Services

Time Period of Report: Feb 2023

Department: Youth Services

Report Focus Area of Activity: Youth Services **Intended Outcomes of Focus Activity:**

We've just about completed our first session with the new programming schedule and I think the shorter sessions are working out good for patrons and staff. Our attendance numbers have been steady and I think patrons will benefit from having the shorter break time.

Our tutoring program is going well, we've expanded into Boardman and Anne has recruited tutors from Vassar as well as Marist. These are education students who need student teaching hours. Because they work one-on-one with the students for 6-8 weeks they are really building connections with the families. Some of the students have also volunteered to take on more of the children because they enjoy it so much. We would like to eventually expand to the SPD branch.

Due to multiple patron requests we have extended the PLC program at Adriance to a 3rd day. It will now be held Mon, Tues, and Wed. Parents have requested a 3rd day due to overcrowding in the other sessions. Each class has their own registration and average 15-20 children plus parents and siblings.

Our Thursday afternoon family storytime at SPD is off to a slow start. In the 5 weeks we have held it, there has only been 1 week where we had a patron come in. Last session we tried to have it on Saturday with no success. It could be a number of factors including building construction, weather, or we just need to find the right time slot. I am hoping once the weather warms up we will have some walk in traffic.

Boardman story time have been well attended all session with Toot & Scoot leading the way with an average attendance in the 30s.

I have started recruiting for our summer performers and I hope to have 5 lined up for each week of the summer session. These are usually held at BRD on the lawn or at ADR in the parking lot due to attendance sometimes reaching 100.

DEPARTMENTAL MONTHLY REPORT

Time Period of Report December 2022/January 2023

Department: Branch and Extension Services

Sadie Peterson Dalaney African Roots Library:

- The library is now a part of the newly formed Event Committee at the FPC. This committee
 includes FPC Partners and Board members and other community organizations. It will be an
 opportunity for the Library to be on the ground floor of some of the city's planning for large
 community events.
- The computers have been so popular, that we have now installed Sam Software to regulate use.
- The front space work continues. The beams for the front entrance are now in. The access to the
 front entrance is still a major issue as the work continues. We are keeping the SPD website
 page current so those looking can find out which doors are accessible.
- We will be adding 3-4 Chrome book laptops for in-house use for teens. This will help eliminate the traffic congestion in the computer room.
- We will be installing some shelving for staff use in the staff area and in the storage areas for programming supplies.

Boardman:

• We are in the process of finding an elegant way to mute the acoustics in the children's/ teen area.

Extension Services:

 We are continuing the monthly visits to the Office for the Aging and Town of Poughkeepsie Senior Center. And The Lobby Stops for The Landing of Poughkeepsie and we continue to expand our patron base each month.

Seed Library:

We are working on the website page for this new service, which should roll out February 27th
Patrons will have the opportunity to pick from 3 types of seed kits. Each kit will contain 5 packets
of seeds and a resource growing guide. Each patron will be able to request one kit per season.

Upon completion of the form, the person collecting the signatures should tally the number of signatures collected, enter that number in the blank in the Statement of Witness, and then sign and date the petition. When all signatures have been collected, the pages of the nominating petition should be stapled and consecutively numbered by the candidate prior to the submission of the petition to the Secretary. The candidate should retain a copy of the Nominating Petition for his or her own records, and provide the Petitions to the office of the Secretary of the Board of Trustees.
